

Fresh Start Program

The Fresh Start program utilizes a Restorative Justice Model. The prosecuting attorney's goal is that the offender commits to a plan of action that provides:

- Accountability for the offense.
- Opportunity to demonstrate a change in behavior, and the ability to repair the harm, or right the wrong.
- Commitment to community service to impress upon the offender that although their behavior may not seem to have impacted the community, it has.

Community service will help them repair the harm.

All Restorative Practices must be completed within 30 days, there will be no extensions.

This program is only available in Chippewa county.
